

GREETINGS
FROM

NORTH
CAROLINA

Boasting 16 campuses within the University of North Carolina system and over 50 private institutions as well as community colleges, many Student Affairs professionals call North Carolina home. The North Carolina Housing Officers seeks to connect members from across the state and offer opportunities for growth and development. NCHO is based upon six competency areas that provide the framework for the services offered throughout the year and assist with the conference focus areas.

From the beautiful mountains to the peaceful shores, North Carolina offers a variety of options for both work and leisure. Come and live in the birthplace to Pepsi Co., Chewwine, Krispy Kreme, Texas Pete, the first fight by the Wright Brothers and the place where Babe Ruth hit his first homerun. North Carolina has something to offer everyone.

Consider joining the great team of professionals that call North Carolina home. **For more information, please go to ncho.org.**
